For whom it may concern,

Ukrainian League Against Epilepsy (ULAE) gets information that our patients – children and adults who has Epilepsy experience the shortage of antiepileptic drugs and without help they would suffer enormously even death is possible. We seek any help in obtaining and transferring antiepileptic drugs, namely: Micrapakine, Valproic acid, Inovelon, Rufinamide, Sulthiam, Diazepam rectal, Sabril, Clonazepam, Clobazam, Phenobarbital, Lamotrigine, Topiramate, Gabapentine, Lacosamide to Ukraine.

We sincerely ask you to help us with this situation.

Thank you so much for your consideration and invaluable support!

President of ULAE

Secretary of ULAE
